EXPERIENCE

CreateTO

Student Consultant - Financial Feasibility Lead

Sep 2025 - Dec 2025

Toronto, Ontario, Canada

- Ran scenario and sensitivity testing on revenue, cost, and density assumptions in an Excel-based pro forma model, identifying the highest-returning development scenario and informing the team's recommendation.
- Aligned financial inputs with zoning constraints, land-use parameters, and built-form limits while evaluating phasing, returns, and feasibility, producing a clear feasibility roadmap that supported the client's decision-making.
- Prepared comparative feasibility summaries and presentation-ready outputs, and maintained model accuracy and auditability across phased timelines so stakeholders had reliable figures to advance project approval discussions.

Municipality of Clarington

Parks Planning Student

Sep 2025 - Dec 2025

Bowmanville, Ontario, Canada

- Reviewed development and land-use documentation for compliance, coordinated revisions in AutoCAD and Excel, and improved the accuracy of technical planning submissions, speeding up approval processing.
- Maintained project files and structured documentation systems, and supported coordination across planning, engineering, and administrative teams.
- Performed GIS spatial review and mapping edits to verify site constraints and asset locations for planning and project delivery.

Regional Municipality of Durham

Economic Development Intern

Apr 2025 - Aug 2025

Whitby, Ontario, Canada

- Collected, cleaned, and structured business and property datasets in Excel and ArcGIS, supporting accurate market and economic-trend analysis that informed internal reporting.
- Prepared summary reports and dashboards in Excel and GIS to inform market assessments, property reviews, and stakeholder-facing materials.
- Supported industry benchmarking and comparative market assessments to identify local commercial opportunities and investment-attraction insights.

York University Development Corporation
